The screenshot shows the WordPress admin dashboard for a user named amy-Writer. The browser address bar is `si.secdia.info/amyhome/wp-admin/`. The dashboard includes a sidebar with navigation links for 控制台, 文章, 迴響 (4), Questions, 個人資訊, 工具, and 折疊選單. The main content area features a notification for WordPress 4.5.2, a warning about a database upgrade for DW Question Answer, and a notice about the Ultimate TinyMCE plugin being outdated, recommending the switch to WP Edit. Below these are summary widgets for 概況 (54 篇文章, 38 個頁面) and 活動 (最新發表: 02月11日, 08:59:19).

WordPress 4.5.2 新版可用！請通知你的網誌管理員。

控制台

DW Question Answer needs to upgrade the database, click [here](#) to start the upgrade.

The Ultimate Tinymce plugin is outdated. Please switch to [WP Edit](#).  
[WP Edit](#) provides many enhancements over Ultimate Tinymce... including the ability to drag/drop buttons.  
Please deactivate and delete Ultimate Tinymce; then download and activate WP Edit.  
If any issues are experienced during the transition, please use the [WP Edit Support Page](#).  
Alternatively, please visit the [WP Edit PRO](#) website. [WP Edit PRO](#) offers additional, powerful enhancements over the free version.
